NOTICE

Pursuant to article 16 of the Portuguese Securities Code and articles 2 and 2-A of CMVM Regulation no. 5/2008, of October 15, as amended by CMVM Regulation no. 5/2010, of October 1, JPMorgan Chase & Co. (“JPMorgan”) notified REN of a change in its qualifying holding in REN’s issued share capital and the corresponding economic long position.

Said economic long position remains above the thresholds of 2% and 5% of REN’s share capital and voting rights, as previously disclosed on June 11, 2012, however there has been a change in the proportions held in the form of ordinary shares (class A) and in the form of forward agreements. The reason for the present disclosure is the fact that the percentage of the economic long position held in the form of forward agreements has risen above 2% of REN’s share capital and voting rights to 2.34%.

Thus, JPMorgan’s economic long position in REN’s share capital comprises 28,149,210 shares, corresponding to 5.271% of REN’s share capital and voting rights, and includes the holding of 15,649,210 ordinary shares (class A) and the right to acquire 12,500,000 shares pursuant to forward agreement entered into through off-exchange transactions by J.P. Morgan Securities Ltd., a JPMorgan’s subsidiary, with maturity dates, respectively, on September 19, 2012 and September 26, 2012.
