

AGENDA

transForm Agenda – Digital transformation of the forestry sector towards a resilient, low-carbon economy

LEADER OF THE CONSORTIUM

Altri Florestal

DESCRIPTION OF THE AGENDA

The transform Agenda is a unique Portuguese national initiative aimed to trigger the structural transformation of the Portuguese forestry sector by intervening in a coordinated manner throughout the value chain. It materialises in 28 collaborative, mobilising and complementary projects, resulting in new products, processes and services supported by digital technologies, featuring a high degree of innovation. These initiatives will contribute to more sustainable forest management and improve the efficiency of companies, ensuring a stronger connection to markets and consumers.

START DATE: 23/07/2022 (*signing of the term of acceptance*)

END DATE: 31/12/2025

INVESTMENT OF THE AGENDA

€129,259,945.65

GOALS OF THE AGENDA

GG1. Innovating circularity and resilience practices in forest value chains

GG2. Driving the digital transformation of forest-based value chains

GG3. Reinforcing the role of forests for the carbon neutrality objective

EXPECTED RESULTS OF THE AGENDA

The Transform Agenda will deliver 11 Products, Processes and Services (PPS):

PPS1. Biofertilisers

PPS2. Biochemicals: Acetic acid and furfural from renewable sources

PPS3. Recycled and ecological wood-based materials

PPS4. Furniture eco-design

PPS5. Low carbon emission equipment

PPS6. Specialised services for forest management

PPS7. Data-driven decision support services

PPS8. 4HUB: Digital platforms and training hubs for the forest sector

PPS9. Moulds for sustainable and biodegradable packaging

PPS10. Sustainable industry and logistics

PPS11. Non-timber forest products value chains

BENEFICIARY ENTITY

REN – Rede Elétrica Nacional, S.A.

INVESTMENT OF THE BENEFICIARY

€5,417,806.94
